CROSSRIVER SIGNS AUTHOR OF UNCHARTED SERIES

Aboard Providence scheduled for release in 2016

BREWSTER, Kan. – CrossRiver Media Group announced today the signing of a book deal with Keely Brooke Keith, author of the ground-breaking *Uncharted* series.

In her highly anticipated fourth book, ***Aboard Providence***, Keith explores the history of her first series *Uncharted*. It follows the story of the founders as they leave everything they know to form a new colony. After an arduous voyage, *Providence* runs aground on an uncharted land in the South Atlantic Ocean. While the rest of the settlers celebrate finding the land they wanted, Jonah Ashton leaves the settlement to explore, expecting to find civilization nearby. He discovers a startling truth that will change his plans, but can it change his heart?

“I most enjoyed fleshing out the mystery of how the founders arrived in the Land and what it was like for them,” Keith says. “Not only from the perspective of the characters who wanted that adventure, but also those who didn't.”

“We are excited to have Keely join the CrossRiver family of authors,” says Tamara Clymer, founder and President of CrossRiver Media Group. “She is a talented writer with a history of intriguing and entertaining stories that ignite a woman’s relationship with God.”

Aboard Providence is scheduled for release in 2016.
